Report of the Classes for Soft Skills

It is certified that Dr. P. K. Singh , Assistant Professor and IQAC Coordinator, Govt.T.C.L College Janjgir Dist.- Janjgir Champa delivered a lecture on the development of soft skills on September 20, 2023. He explained several aspects of soft skills in detail.

Soft skills, also known as power skills, common skills or core skills, are skills applicable to all professions. These include critical thinking, problem solving, public speaking, professional writing, teamwork, digital literacy, leadership, professional attitude, work ethic, career management and intercultural fluency. This is in contrast to hard skills, which are specific to individual professions.

The word "skill" highlights the practical function. The term alone has a broad meaning, and describes a particular ability to complete tasks ranging from easier ones like learning how to kick a ball to harder ones like learning to be creative. In this specific instance, the word "skill" has to be interpreted as the ability to master hardly controlled actions.

Because of their rising importance, the need to teach soft skills has become a major concern for educators and employers all over the world.

The OECD "Future of Education and Skills 2030" report released in 2019 highlighted the growing importance of soft skills in education due to trends such as globalization and rapid advancements in technology and artificial intelligence, which demand changes of the labor market and the skills future workers require in order to succeed. It says, "to remain competitive, workers will need to acquire new skills continually, which requires flexibility, a positive attitude towards lifelong learning and curiosity".

About 54 Students of different classes were present in the Room No-026.
